### Day 3: Ameliasburgh

A little farther north, the pace is definitely right — and the wandering's easy.

#### Cook

Make sure you book a session with Cynthia Peters at [From the Farm Cooking School](#). Private classes are from four hours long to a full day and will have you making pasta by hand or producing your own sausages. "It's all about connecting with the farm," Cynthia says. "The whole idea is for people to get great recipes that they can adapt for themselves using local food." 618 Burr Rd., 613-922-9194.

#### Prince Edward County Getawat

Although I think you have done a wonderful job of describing part of Prince Edward County, I am surprised you omitted the town of Wellington, the home of Tall Poppy, East & Main Bistro and Pomodoro Trattoria and soon to be Drake Hotel as well as the numerous wineries in this part of the island . Are you planning a follow up article?

#### Wellington

Located on the most exposed north east coast of Lake Ontario, you can hear the waves crashing on limestone beaches almost daily. And those winter storms? Lake Ontario is truly an inland sea.
